Paloma Brava Lodge
CORDOBA - ARGENTINA

New Pigeon Destination in Cordoba

“I have been to Argentina a dozen times or so and this was the best shoot ever. High volume shooting says it all. The dove shooting was all within a 10 minute ride from the lodge. A day of pigeon shooting was a great change of pace and it never took long to limit out with some very fast action shooting. There are plenty of targets all day long. We never shoot the same place twice. Trip of a lifetime!”
